Drive on Parker Road south past the Metroparks Taki Research Station on the right at a sharp curve to the left. Shortly after the curve Parker Road becomes Harter Road. Continue on Harter Road 0.2 mile past Taki to a bridle trail on the right (leading south) just before Medina Line Road.

Drive south on the bridle trail 0.2 mile (about 320 meters) to a flag slightly into the tree line on the right side of the trail. Park at the side of the trail.

From the flag, walk northwest (heading: 312 degrees) about 60 meters, following the flags, to the point.
